## **TUNEDColor, Inc. announces a new fall classes schedule**

**May 10, 2009** – Abington, Pennsylvania, USA - TUNEDColor Inc. a world-wide leader in color management training and consulting for large-format printing are pleased to announce the fall schedule of classes available to all end-users and distributors.

The Classes will be available as follows:

### Color Management

1. Working with Onyx Media Manager – September 10-11, 2009
2. Working with Caldera Easy Media – September 17-18, 2009
3. Working with Wasatch – September 24-25, 2009

### Textile

1. Understanding the digital textile industry – October 28-30, 2009
2. Choosing the right printing equipment for your textile – November 6, 2009

### Workflow

1. Creating employee roles that maximize profits – November 20, 2009

All supplies will be handed-out during each class. All end-users are required to register by the date indicated for each class. If the class fills prior to the registration, TUNEDColor reserves the right to add additional days or change the place of training to compensate for more end-users.
